

BRAIN AWARENESS WEEK

MARCH 13-15

9:30-11:30 A.M.

OR 12-2 P.M.

Middle School Groups: Get Connected with Brain Science!

During Brain Awareness Week, the National Museum of Health and Medicine hosts partners in education, including the Department of Defense, Dana Alliance for Brain Initiatives, Society for Neuroscience, National Institutes of Health, and Howard University, who engage visiting students through hands-on activities that focus on brain anatomy and topics related to neuroscience. Groups can choose either a morning or afternoon session, where they will rotate in small groups through multiple stations. A speaker will introduce brain anatomy and offer other highlights to our budding neuroscientists. This program supports the Common Core and Next Generation Science standards.

RESERVATIONS REQUIRED

For grades 6 and up. Minimum number of students is 10, maximum is 65. This event is FREE.

For more information or to schedule a session, call 301-319-3312 or email USArmy.Detrick.MEDCOM-USAMRMC.List.Medical-Museum@mail.mil
